Our mission is for each child to know God's love for them and for every child to develop a love of learning that will last a lifetime.

Program Philosophy

We believe the primary method of learning for a young child is through play. We provide a play based emergent curriculum designed to reach the multiple learning styles of our children.

Our teachers also provide learning centers that are designed to stimulate creativity, exploration, interaction, and communication without a preconceived outcome.

Our program is open ended in nature, while providing daily routines and structure that helps the children know what will happen next and what is expected.

Program Focus

Creativity is the foundation of Zoar's preschool educational program. We provide opportunities for exploration with the following concepts as part of the daily experience at Zoar Lutheran Preschool:

Letter Recognition

Name Recognition

Pre-Literacy Development

Literacy Development

Number Recognition

Counting

Art Exploration

Color Recognition
